POSTKARTE.

Old English Game. This is one of the oldest varieties of poultry, one that has been heard of by all, whether they are poultry fanciers or not. They have always been bred to produce strong, muscular birds, and at the same time to be very quick in their movements. In the days of cock-fighting, the male birds had their flight feathers, hackles and tails trimmed, and steel spurs fastened over their natural spurs. The pair of birds illustrated are black-breasted reds.
